

# WILD FIRE DANGER

## THE FACTS

The 2018 summer season is one of the Roaring Fork Valley's driest after being in a drought for several years.

Snowpack and precipitation levels are extremely low creating very dry conditions.

Simple negligence can spark a fast moving fire in these unfavorable conditions.

## STAGE 2 RESTRICTIONS

- No open fires or campfires.
- No charcoal or wood fires for cooking.
- No smoking except in an enclosed vehicle or building.
- No operating any combustion engine without an approved spark arrestor.
- No welding or spark emitting cutting except for industrial use w/ permit.
- No use of any explosive (blasting caps, bullets, model rockets, tracer rounds, etc.)
- No fireworks (toy caps, sparklers, snakes, smoke bombs, fountains, etc.)
